Introductory Proficiency Workshop

(Transforming Education—Achievement for All)

Participants will be introduced to an integrated, standards-based system of education that represents a synthesis of research and best practice—a system that enables ALL students to succeed. The workshop is sponsored by the Multnomah ESD and is offered at no cost to the schools within the Multnomah ESD service area.

In this introductory 2-day workshop, participants will learn about:

- Developing a learning-centered, proficiency-based classroom
- Time vs. proficiency-based education
- Developing proficiency-based teaching and assessments
- Creating sufficiency/proficiency criteria and levels for standards
- Electronic reporting relative to standards

Workshop Instructor:

Diane Smith, Director of Curriculum and Instruction
Greater Albany Public School District and BEC trainer

Who Should Attend:

Middle and/or high school teams should include teachers, school and district administrators

Dates and Location:

Monday and Tuesday, February 8th and 9th, 2010

Ramada Inn

(8:30 AM to 3:30 PM)

This is a paperless workshop: Please bring laptop computer!

Price:

Registration for 50 attendees from the Multnomah ESD region has been paid for both days. It includes continental breakfast and lunch, a memory stick loaded with workshop materials—and a great learning experience! **Thanks to the Multnomah ESD for its sponsorship of the training!**

Registration:

Register online at http://www.becpdx.org/workshops_and_events.htm. Space is limited to 50 participants so register early and save seats! (Professional Development Units awarded.)
